Dear All,

I am so worried. When I went to wake Bear this morning he wasn't in his bedroom! His bed had not been slept in and his clothes were missing. I searched his room and after a while I found a note under his pillow. In it he said he has gone on an adventure. I don't think Bear is old enough to be travelling on his own. I don't know where he has gone or how long he will be away. Will you help me find Bear? In his note, he said he would be writing to his friends so perhaps he will write to you.

Bear has honey coloured, curly fur, black eyes and a cute brown button nose. He was last seen wearing blue shorts and a white T-shirt. Bear is kind and trusting. He looks after his friends and is very interested in causes; especially where wild animals are involved. I think he has taken a rucksack and his passport. I do hope he hasn't tried to leave the country.

I don't know what to do. Can you please help? Whatever will I do if I never find him again?

Yours sadly,

Bear's Mum
